### Forward-Looking Statements

Certain statements in this press release are forward-looking statements for purposes of the safe harbor provisions under the U.S. Private Securities Litigation Reform Act of 1995. Forward-looking statements may include estimates or expectations about Health In Tech's possible or assumed operational results, financial condition, business strategies and plans, market opportunities, competitive position, industry environment, and potential growth opportunities. In some cases, forward-looking statements can be identified by terms such as "may," "will," "should," "design," "target," "aim," "hope," "expect," "could," "intend," "plan," "anticipate," "estimate," "believe," "continue," "predict," "project," "potential," "goal," or other words that convey the uncertainty of future events or outcomes. These statements relate to future events or to Health In Tech's future financial performance, and involve known and unknown risks, uncertainties and other factors that may cause Health In Tech's actual results, levels of activity, performance, or achievements to be different from any future results, levels of activity, performance or achievements expressed or implied by these forward-looking statements. You should not place undue reliance on forward-looking statements because they involve known and unknown risks, uncertainties and other factors which are, in some cases, beyond Health In Tech's control and which could, and likely will, affect actual results, levels of activity, performance or achievements. Any forward-looking statement reflects Health In Tech's current views with respect to future events and is subject to these and other risks, uncertainties and assumptions relating to Health In Tech's operations, results of operations, growth strategy and liquidity.
